KANDEED GUIDELINE

Empowering The
Immigration Process

1. Create Profile

The first step for you is to create your profile so you can showcase your credentials to various immigration experts. These experts have different areas of expertise so by creating your profile on Kandeed you increase your chances of being contacted by an expert who can help you with your immigration journey.

“Showcase Your
Skills“

2. Choose Consultant

Once your profile is created you will have a chance to get connected with various verified immigration experts using Kandeed's chat and conference platforms. Experts will see your profile and can contact you. You can choose the right experts after initial communication.

3. Sign Contract

Once you (Kandeed) and an immigration experts have had initial discussions and you have picked the right consultant, a contract will be prepared and send to you in your dashboard for your signature. A Personalized Immigration Plan (PIP) will also be available to you where you can track your progress continuously.

4. Pay When Satisfied

Kandeed will provide you with peace of mind. Kandeed will keep your funds for each milestone in a safe and the funds are only released to the immigration expert when you approve and release the completion of tasks for that milestone. Kandeed's secure payment method also motivate the immigration experts to provide the best service and advice to you as a client.

5. Dispute

Once the immigration expert completes a milestone and request for the payment for that milestone, Kandeed will only release the funds if you approve this release. If you don't think that the expert has completed the milestone, you have the opportunity to start a dispute and our dispute experts will review the tasks and decide if no pr only partial payments should be made to the experts based on what they have delivered.
